VOTE NOVEMBER 3

The Day's Demand
God give us men! A time like this demands
Strong minds, great hearts, true faith, and ready hands;

Men whom the spoils of office cannot buy;
Men who possess opinions and a will;
Men who have honor; men who will not lie.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

I would like to mention again the evening that I will be in the town office to accept voter registration. On Friday evening Oct. 31 from 7:00 p. m. to 9:00 p. m. I will be in the town office to register persons who are not registered and who can not get to the office on the regular office hours. Anyone else who is not registered may register any day during the regular office hours. Voting is a privilege that many people in the world do not have. I believe that every eligible voter should register and vote. If the privilege to vote was ever taken away, people would then realize how important it is to become acquainted with the candidates and issues and take the time to cast their ballots on election day.

The highway crew was making very good headway in the sandpile for winter and had one day of work to finish the job. The loader broke down and the sewer on Church Street plugged and there is still one day of work left on the winter sand. I am looking for more plugged sewers because of the very dry condition of the ground. Tree roots are seeking moisture and the sewer lines are about the only place to get it.

Most of the early taxpayers have been in to pay their tax bills and the rate of collection has slowed down a bit. Roughly 10% of the tax commitment has been paid. This can not be fairly compared with previous years collections due to the late date that the bills were sent out.

Mrs. Dana Douglass, Jr., drove to Boston on Monday to pick up her daughter, Miss Cheryl Ann Douglass, a nursing student at Lowell College in Andover, Mass. Cheryl will be spending a month's vacation at the home of her parents in Mayville.

STEPHEN R. CONANT
OXFORD COUNTY SHERIFF

South Paris, Maine
October 28, 1964

To Oxford County Voters:

My 20 year record as a law enforcement officer here in Oxford County is pretty well known. I tried to use common sense in enforcing the law. My reputation for being fair, considerate and courteous is well established. Even after making literally hundreds of arrests over the years, I had very few enemies when I retired from the Maine State Police. Most of the persons whom I arrested are now my friends and supporters because I did not let my officer-violator relationships become a personal matter. I had a job to do and I did it. It is as simple as that.

Being your Sheriff for two years has not changed my enforcement philosophy. It has only extended it. I have tried to instill this policy in each of my deputies because I believe it is right!

VOTE for Ability Training Experience

My record as Sheriff is good; nobody seems to question that. We have not solved every crime reported to us, but we have tried. Our arrest record, the high jail population, the number of persons committed to other correctional institutions and placed on probation bear this out.

A politically inspired rumor has it that I am not really interested in being reelected. This is not true! As a career police officer, I would like very much to continue as your Sheriff here in Oxford County where I feel I can put my training, experience, ability and knowledge of the area and its people to the most good. I want the job for myself. I want the job for my deputies, all of whom my opponent has promised to replace. And I want the job in the interest of good law enforcement and good government!

MISTAKEN IDENTITY CAN CAUSE HUNTING ACCIDENTS

In a 1964 deer hunting accident where the victim was mistaken for game—six were fatal. The department's hunting safety officer, Dean S. Jordan, says that this type of accident can be eliminated if the hunter will take a second to make sure that his target is legal and not human.

Last year, there were 14 accidents where the victim was mistaken for game—six were fatal. The department's hunting safety officer, Dean S. Jordan, says that this type of accident can be eliminated if the hunter will take a second to make sure that his target is legal and not human.

The way to make sure that you are not mistaken for game is to wear a hunter's orange. In fact, it is to wear some fluorescent blaze orange or neon red clothing while afield. Deer can't see these colors since they are color-blind, but another hunter will be able to spot you for miles a distance, even in the conditions of poor visibility.

STRENGTH FOR THESE DAYS
This is the victory that hath overcome the world, even our faith.—(1 John 5:4).
Your faith should increase and become stronger as you grow in understanding. The more you know of God, the more you follow and practice the truth. And when your faith is solidly based it becomes transcendent.
